

# Ventiques®

*Flush Mount Vents*

“a vent as **UNIQUE** as your floors”

# Original Metal Series

## Flush Mount Vents

Ventiques Original Flush mount metal floor vents are known for their durability and functionality. All our vents are flush mount making them handicap accessible. The metal vents can be easily installed and look beautiful with various flooring types like intricate Tile, Laminate, Hardwood, LVP, and Carpet. This is a fixed 1/2" thickness frame to accommodate most flooring thicknesses. The unique design allows for a flush mount, seamless finish. It comes with the frame & grill. With the integration of two-part frame and vent insert, Ventique grills are totally interchangeable within the same series. This vent can be fastened, adhered, or floated on the subfloor.

- Strong, Durable & Tough
- Upholds more than 875 lbs/psi
- Variety of Sizes Available

- Powder Coated or Anodized Finish
- Easy Installation
- Handicap Accessible

- Interchangeable Grills
- Smooth Transition
- Compatible with all flooring

# Kanyon Metal Series

## Adjustable Height Register

The Kanyon metal series is an adjustable flush mount floor vent. The overall Assembly equals 7/16" (10mm). They come packaged with 3 spacers (two 2mm spacers & one 3mm spacer) and with the Grille & Grille frame. They adjust from 1/8" (3mm) up to an inch (24.5mm) thick. The adjustable assembly allows you to adjust the height of your floor registers to the thickness of the flooring making for a flush-mount finish. Kanyon metal series vents come in 2 styles, the Breeze & Forest, two sizes 4x10 & 4x12 and with 6 color options including Burnt Leaf, Desert Sand, Midnight Black, Mountain Fog Safari Dust, and Silver River.

- Adjustable Height Assembly
- Go from an 1/8" thick on up
- Variety of Sizes Available

- Powder Coated or Anodized Finish
- Great for LVP, LVT & Laminate
- Overall Assembly is 7/16" (10mm)

- Flush Mount Seamless Finish
- Additional Spacers available
